

CHURCH PLANTING MOVEMENTS

DISCUSSION QUESTIONS

1. What is the defining characteristic of a movement that makes it different from planting just one church?
2. Did God command us to plant churches? What are we commanded to do? What impact does this have on our model of seeing the Kingdom advanced among the unreached and unengaged?
3. What is a new model for church planting? What are the key characteristics? How does this change how we set up small groups for discipleship? Why are these characteristics important when you are among the unreached and unengaged?
4. Compare and contrast the traditional church model with the church planting movement model. Discuss these among your group.
5. How is Discovery Bible study different from other models of Bible study? What is the key to moving from information to transformation?
6. Why is storying important? How can you use this model and practice sharing Bible stories in your context?
