

SIX ROLES FOR EVERY BELIEVER IN THE GREAT COMMISSION

DISCUSSION QUESTIONS

- A) What is/are the role(s) a church pastor can play in helping his church members identify and play their own individual roles in the Great Commission?

B) What are the [potential] challenges to such a role or roles?
- We have alleged in this presentation that “the lack of total involvement by the body of Christ” in Missions is the GREATEST reason why the Great Commission is still yet to be fulfilled. Do you agree or disagree? Why?
- What would you say is/are the Biblical Basis for the involvement of EVERY Single believer in the Great Commission? Can you think of any content in the Bible that justifies and supports this assertion?
- It is definitely true that ALL of these roles are important, but do you think any of them ought to have a higher priority? Discuss and see if you might come up with a HYPOTHETIC list of all 6 roles in order of priority (the first being what you think is the highest priority and the last being the least priority).
